Vilnius, 1<sup>st</sup> December 2021 - Radisson Blu Hotel Lietuva

The Embassy of Italy in Vilnius, the Lithuanian Ministry of Energy and the Italian Trade Agency ITA are honored to invite you to the “III Italian Lithuanian Business Forum on Renewable Energies” that will be held in Vilnius on the 1<sup>st</sup> December, 2021, at the Radisson Blu Hotel Lietuva.

The Forum is organized in cooperation with Enterprise Lithuania (Versli Lietuva), the Lithuanian Confederation of Industries (Lietuvos Pramoninku Konfederacija – LPK) and the Italian-Lithuanian Chamber of Commerce as a continuation of the one held last 30<sup>th</sup> June; it intends to further enhance the existing bilateral economic and commercial cooperation focusing in the field of renewable energy within the framework of the European Union efforts to implement a “Green Deal” using the RFF resources recently allocated to each member state.

To participate to the event will offer an excellent opportunity for Italian and Lithuanian companies and associations to share best practices and to consider concrete opportunities of collaboration to further enhance the existing flows of trade, investment and technology transfer and to meet other participants interested in the potential opportunities offered by the Lithuanian market.

A B2B dedicated session – that can be tailored specifically in advance - will follow the plenary meeting, offering specific opportunities to enhance the knowledge of potential new partners and increase the “added value” of the bilateral economic and commercial cooperation.
